

Home Learning		W/C: Monday 22 <sup>nd</sup> June	Year: 1
<p>Hello Year 1</p> <p>We hope you are all working hard and having fun. We have both been back in school with some of our classes this week. It has been a very busy but fun week. We are all missing the children that we are not with at the moment, whether that is because they are in another bubble or staying at home to continue with the home learning, but we know we will get to see each other again in the future.</p> <p>We will be looking at Information writing about dinosaurs this week in English and learning about money in Maths. We hope you enjoy it.</p> <p>See you soon</p> <p>Mrs Dammery and Miss Revell.</p>			
	English	Maths	
Monday	<p><b>LI: To listen to a text and answer questions on it.</b></p> <p>In today's lesson, we will be listening to an information text about a T-Rex. We will be learning some new vocabulary and then answering questions about it. You will need a piece of paper and a pencil.</p> <p><a href="https://classroom.thenational.academy/lessons/terrifying-t-rex/">https://classroom.thenational.academy/lessons/terrifying-t-rex/</a></p>	<p><b>LI: To identify the physical properties of coins.</b></p> <p>Watch this Oak Academy lesson</p> <p><a href="https://classroom.thenational.academy/lessons/to-identify-the-physical-properties-of-coins/">https://classroom.thenational.academy/lessons/to-identify-the-physical-properties-of-coins/</a></p> <p>In this lesson you will learn about the physical properties of each of the coins. What they are made of, what colour they are and their size and shape.</p> <p>When you have watched the video, complete the questions.</p> <p>Have a look at some coins at home. Can you sort the coins by their shape, size or colour? Are there any coins that don't fit into your categories?</p>	
Tuesday	<p><b>LI: To commit an information text to memory.</b></p> <p>In today's lesson, we will be drawing our information text, paying special attention to the subtitles to help us organise this information. You will need a piece of paper and a pencil.</p> <p><a href="https://classroom.thenational.academy/lessons/to-">https://classroom.thenational.academy/lessons/to-</a></p>	<p><b>LI: To recognise the value of different coins.</b></p> <p>Watch this Oak Academy lesson</p> <p><a href="https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins/">https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins/</a></p> <p>In this lesson you will learn about the value of each of the coins.</p>	

	<a href="#">commit-an-information-text-to-memory/</a>	<p>When you have watched the video, complete the questions.</p> <p>Sort yourself out some 1p and 2p coins. If you don't have any, you could make some using some circles of paper that you label either 1p or 2p (make sure they are different sizes) or print up the coins from the resources. Make up some larger amounts using the coins e.g. five 1p coins to make 5p. Maybe you would like to set yourself up a shop. Label some items with prices up to 20p and pay for one of the items using your coins.</p>
Wednesday	<p><b>LI: To understand how to use the past tense.</b></p> <p>In today's lesson we will be learning about the past tense of regular verbs, learning key rules and practising putting sentences into the past tense.</p> <p><a href="https://classroom.thenational.academy/lessons/to-understand-how-to-use-the-past-tense/">https://classroom.thenational.academy/lessons/to-understand-how-to-use-the-past-tense/</a></p>	<p><b>LI: To recognise the value of different coins.</b></p> <p>Watch this Oak Academy lesson  <a href="https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins-b1b5b6/">https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins-b1b5b6/</a></p> <p>In this lesson you will learn the value of some of the larger coins. When you have watched the video, complete the questions.</p> <p>Have a look at your money box or a purse of money. Pick two coins out at random. Can you say what they are worth? Try to think about the colour, size and shape of the coins rather than the number on them as some coins don't have the numbers. Which of the coins you have picked is worth the most? Which one would you prefer to have?</p>
Thursday	<p><b>LI: To start to write our information text.</b></p> <p>In today's lesson, we are going to start writing our Terrifying T-Rex information text. You will need a piece of lined paper and a pencil.</p> <p><a href="https://classroom.thenational.academy/lessons/to-start-to-write-our-information-text/">https://classroom.thenational.academy/lessons/to-start-to-write-our-information-text/</a></p>	<p><b>LI: To recognise the value of different coins and notes.</b></p> <p>Watch this Oak Academy lesson  <a href="https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins-and-notes/">https://classroom.thenational.academy/lessons/to-recognise-the-value-of-different-coins-and-notes/</a></p> <p>In this lesson you will learn about the value of notes. When you have watched the video, complete the questions.</p> <p>If you would like some extra work, there is an activity in</p>

		the resources called 'Diving into mastery- recognising notes'.
Friday	<p><b>LI: To continue to write out information text.</b>  Today, we will finish off our information text and then take time to edit it.  <a href="https://classroom.thenational.academy/lessons/to-continue-to-write-out-information-text/">https://classroom.thenational.academy/lessons/to-continue-to-write-out-information-text/</a></p>	<p><b>LI: To compare different amounts of money.</b>  Watch this Oak Academy lesson  <a href="https://classroom.thenational.academy/lessons/to-compare-different-amounts-of-money/">https://classroom.thenational.academy/lessons/to-compare-different-amounts-of-money/</a>  In this lesson you will learn about comparing amounts of money and adding up total amounts of coins.  When you have watched the video, complete the questions.  If you would like some extra work, there is an activity in the resources called 'How much money is in my jar?'</p>
<p><b>Enrichment Tasks</b>  This week as part of our Science and Art lessons we would have been exploring 'Under the sea'. Have a go at some of these tasks.</p> <ul style="list-style-type: none"> <li>What creatures would you find under the sea? Investigate this question using books or the internet. You could focus on just larger creatures or explore some of the small or microscopic creatures you might find, or both. It is up to you how you record what you have found.  Some suggestions are: <ul style="list-style-type: none"> <li>* create a fact file on a few of the creatures with some information about them</li> <li>*draw a picture of each of the creatures you find</li> <li>*just make a simple list of all the creatures you can think of</li> <li>*choose just one creature and draw it, adding some facts about it around your picture</li> </ul> </li> </ul> <p>Here are a few websites and videos that might help you:  <a href="https://www.bbc.co.uk/bitesize/clips/zmxqxnbn">https://www.bbc.co.uk/bitesize/clips/zmxqxnbn</a>  <a href="https://www.youtube.com/watch?v=Fn4bQL6yiTk">https://www.youtube.com/watch?v=Fn4bQL6yiTk</a>  <a href="https://www.bbc.co.uk/teach/bring-the-noise/andys-raps-under-the-sea/z4hwgwx/">https://www.bbc.co.uk/teach/bring-the-noise/andys-raps-under-the-sea/z4hwgwx/</a>  <a href="https://answersingenesis.org/kids/sea-animals/">https://answersingenesis.org/kids/sea-animals/</a>  <a href="https://www.natgeokids.com/uk/discover/animals/sea-life/strange-sea-creatures/">https://www.natgeokids.com/uk/discover/animals/sea-life/strange-sea-creatures/</a></p>		

- Create an under the sea picture. If you have paints at home you could use those to create a sea background using blue, white and black paint. Have a look at these videos for ideas (they use special paints but you can use whatever you have). Just think about not just painting the whole background one shade of blue, try to make some bits lighter by using white and some bit darker by using black.

<https://www.youtube.com/watch?v=vH8xAeu6njY>

<https://www.youtube.com/watch?v=g1A7s26vxOk>

Then either draw, paint and cut out some sea creatures to stick onto your background or wait for your background to be completely dry then draw some animals on to it using felt pens (you could do them in black pen so they look like silhouettes if you prefer. Maybe you could also add some plants too. Have a look at the example pictures in the resources to give you some ideas.

If you do not have paints at home, don't worry. You can create your own picture using anything you have. What about felt pens, chalks, collage, colouring pencils? Be creative and most importantly, have fun!

- Listen to the first song on this video <https://www.youtube.com/watch?v=DX2Er--LYmQ>  
Have a go at singing along with the song. Can you make up actions to go with it? Can you make up your own version with some different sea creatures that you have looked at this week? Perform your song to your grown-ups.
