

Home Learning		W/C: Monday 4 th May	Year: 4
<p>Message from teachers</p> <p><i>Mr Joyce: Hi, hope you and your family are well. This week's maths is more practical and shouldn't take that long and I'm often saying relate maths to real life. A few of you have sent emails to me and I have enjoyed reading what you have been doing. Picture is of my rainbow birthday cake that my wife kindly made for me. It tasted delicious! This week we would've had a party in the playground to celebrate VE day, with Friday being the day off for the whole country. Contact grandparents or great grandparents to see if they remember it. Many congratulations to Sofia and her family on the birth this week of another addition, a baby daughter, to the family. Take care and hopefully will see you soon.</i></p> <p><i>Mrs Walker: Hello everyone. How are you all; well, I hope? I must say Mr Joyce's cake looks fabulous; I shall have to ask his wife how she does it. My efforts at cake still look like biscuits! I'm going to keep trying though; maybe today as it's raining! We went on a lovely walk over the weekend and saw baby ducks. You can see them in the photo. It was really lovely and we watched them for ages. Further to what Mr Joyce says about VE Day, I asked my auntie who was a girl living in London about it. She said people were so relieved and elated that it was almost overwhelming.</i></p> <p><i>Anyway, some more home learning activities below. Remember, you do not have to print anything; just answer on paper or in your head. Also, remember to try to read every day. Take care.</i></p>			
	English	Maths	
Monday	Please see attached PDF: Extend sentences. (No need to print.)	TT Rockstars 4 and 8. What do you notice? Draw an right angle ,acute, obtuse angle. Remember the angles family. https://youtu.be/RYE1zxMp33I
