

## Assembly 6<sup>th</sup> July – The NHS

Good morning! I hope this virtual assembly finds you all happy and healthy.

Please remember my assembly and discussion points within this assembly are designed for children from age 5 -11 so not all will be ideal for your children. We start assembly with the greeting good morning, we say it and sign it. In addition to signing good morning we also try to sign the initials of the name of the person leading the assembly. This week my theme is 'The NHS'. I always begin my assembly with some music. This week I have selected the following:

<https://www.youtube.com/watch?v= mpT2vJgzp0>

Please watch with caution as it is on YouTube and may contain adverts at the beginning.

### The NHS

During the lockdown many of us demonstrated our appreciation of the NHS through joining in the 'Clap for Carers' on a Thursday evening and also by designing poster and banners showing our thanks. More so than ever people are grateful to be living in the Great Britain where we are fortunate to have access to the NHS. Please share the PowerPoint to learn about and discuss the 72<sup>nd</sup> anniversary of the NHS.

If you would like to carrying on thinking about today's theme you could try:

- Research the creation of the NHS – remembering Wikipedia is not the only source of information and cannot always be trusted so check your research information with a second source.
- Think about all the different occupations that are involved in the NHS (not just the ones mentioned on the PowerPoint.) Then think about what skills and personal qualities people would need to be successful in the different roles.
- Using your design and technology skills and/or your imagination to design a new ambulance for the future. Think carefully about the specification a paramedic would request.

Take care and stay safe,

Mrs Young
