

Your local area

What new facility would you like to see in your local area?

- 🐾 A new indoor sports centre
- 🐾 A new outdoor sports centre
- 🐾 A new bowling green
- 🐾 A new theatre/cinema
- 🐾 A new school
- 🐾 A new doctor's surgery
- 🐾 A new hospital
- 🐾 New housing for older people

Your decision

How could you find out if this is the right decision?

How would you know if a new hospital was needed?

What would you need to know to decide?

How could you find that out?

The Census

The census answers these questions.

The census is a count of all the people in England and Wales. It asks many questions, such as where people live, how old they are, how healthy they are.

The information in these answers can help support government and local planners making these decisions.

That's why it's so important for all adults to fill it in!

Is your decision the right decision for A-Town?

Grouped Ages A-Town

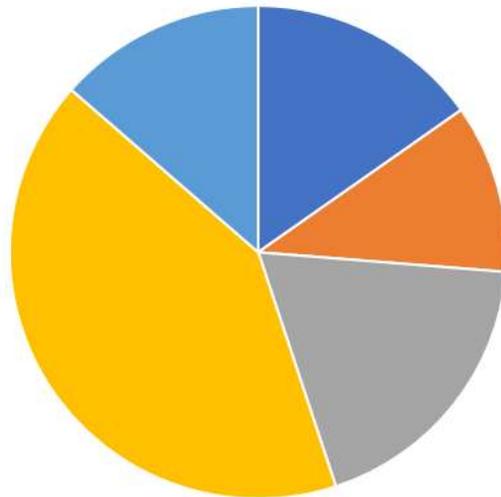

- Age 0-9
- Age 10-17
- Age 18-29
- Age 30-64
- Age 65-90

Is it the right decision for C-Town?

Grouped Ages C-Town

■ Age 0-9 ■ Age 10-17 ■ Age 18-29 ■ Age 30-64 ■ Age over 65

Let's
Cöunt!

Is this the right decision for your area?

Let's
Cöunt!

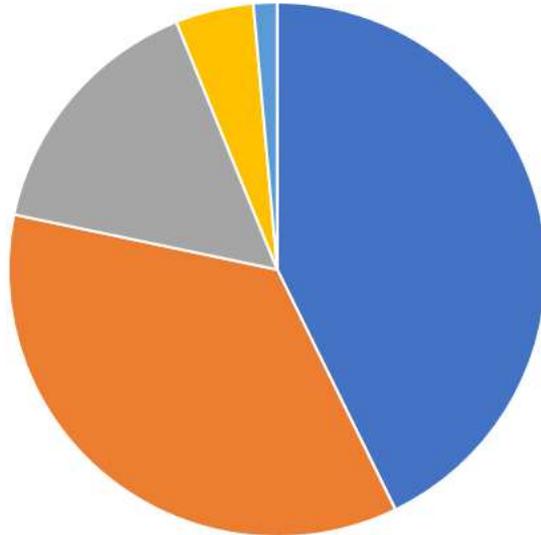

Is it the right decision for our area?

Use the **Nomis** website that you explored last week to find the age data for our local area.

The links you need for the user guide and the **Nomis** website are on the lesson plan.

What does the health information tell us?

Health of people in A-Town

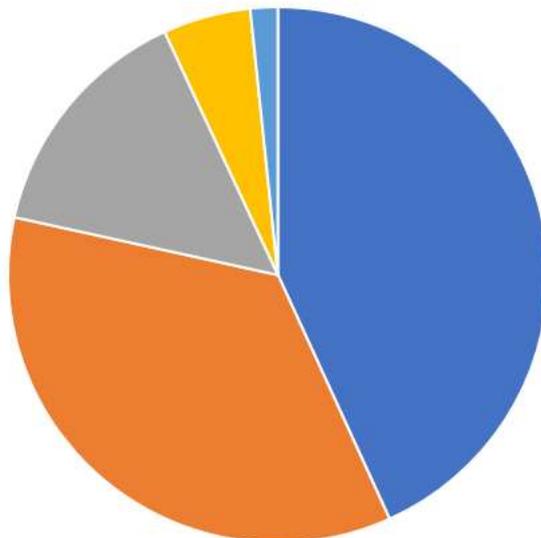

■ Very good health ■ Good health ■ Fair health ■ Bad health ■ Very bad health

What does the health information tell us?

Health of people in C-Town

■ Very good health ■ Good health ■ Fair health ■ Bad health ■ Very bad health

What does the health information tell us?

Look up the health data for our local area.

Making the right decision

- 🐾 A new indoor sports centre
- 🐾 A new outdoor sports centre
- 🐾 A new bowling green
- 🐾 A new theatre/cinema
- 🐾 A new school
- 🐾 A new doctors' surgery
- 🐾 A new hospital
- 🐾 New housing for older people

Look at the age and health data for each place.

Decide which two things from the list that you think will be most important to improve lives and keep the population happy and healthy.
