**Mrs. Gren**

**G**rowth

**All living things grow.**

- Animals grow from babies to adults.
- Seeds grow into plants.

**Mrs. Ren**

**R**eproduction

**All living things reproduce**

- Animals have young.
- Plants produce seeds from which more plants grow.

**Mrs. Eren**

**E**xcretion

**All living things excrete.**

- Waste products are removed from the body.
- Both plants and animals have to get rid of excess gas and water.

**Mrs. Nren**

**N**utrition

**All living things need nutrition.**

- Food is eaten to provide energy to live.
- Green plants make their own food using sunlight.
