

Pattern

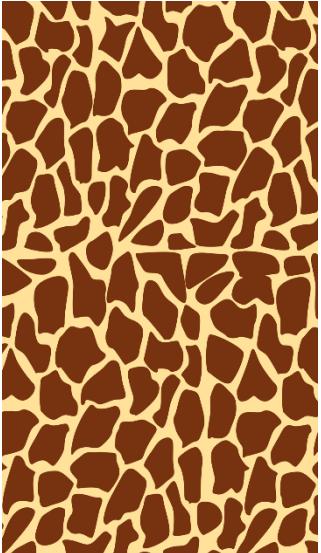

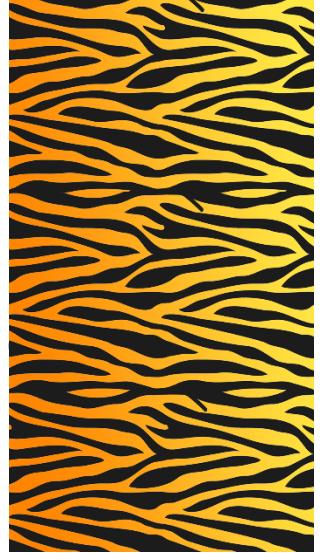

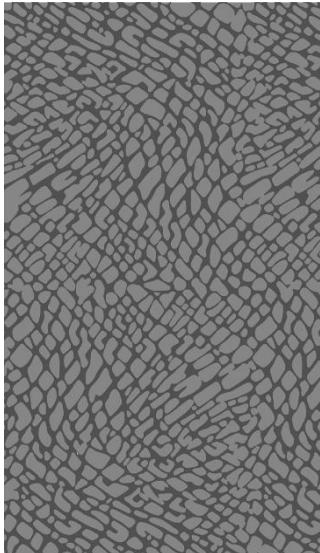

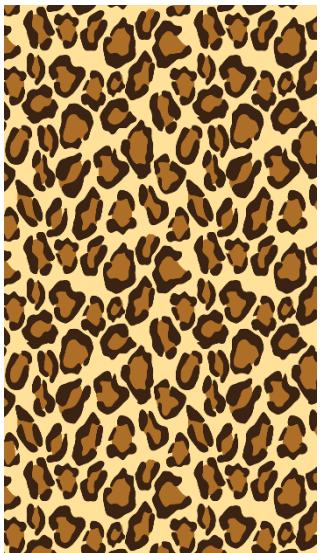

We can see pattern all around us.

NEXT

Some animals have pattern in their fur.

Can you guess which animal these patterns belong to?

Click the pattern to reveal the animal!

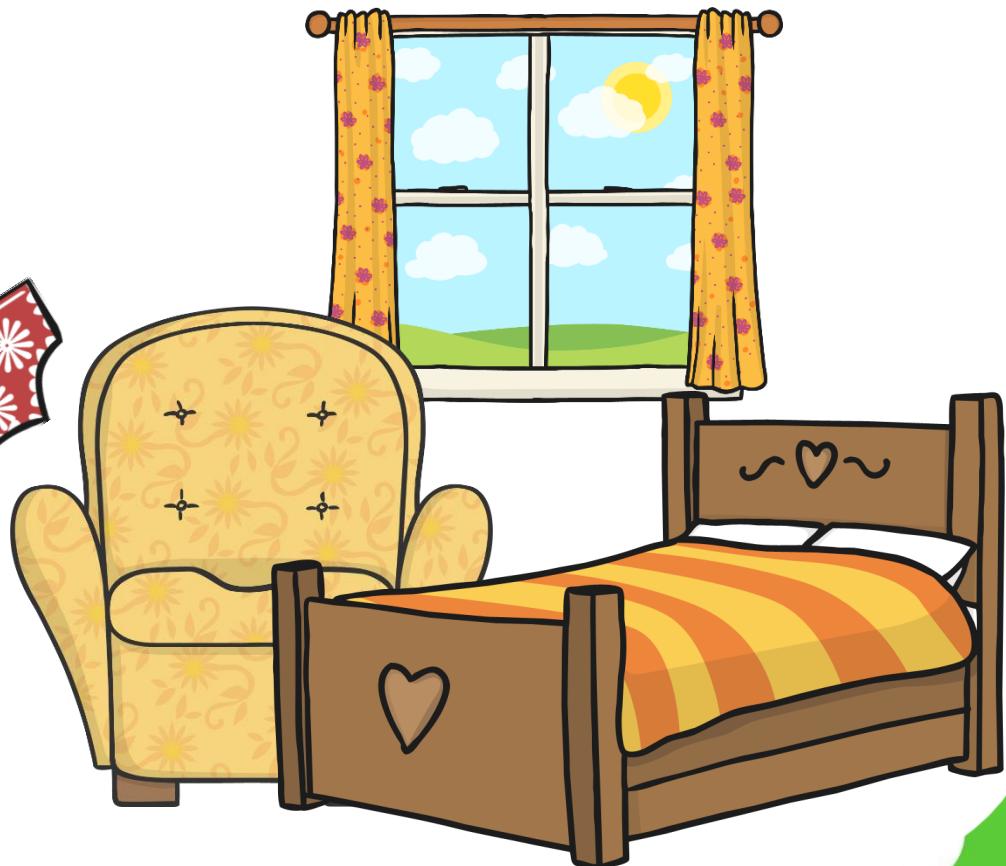

There are also patterns....

NEXT

On our clothes.

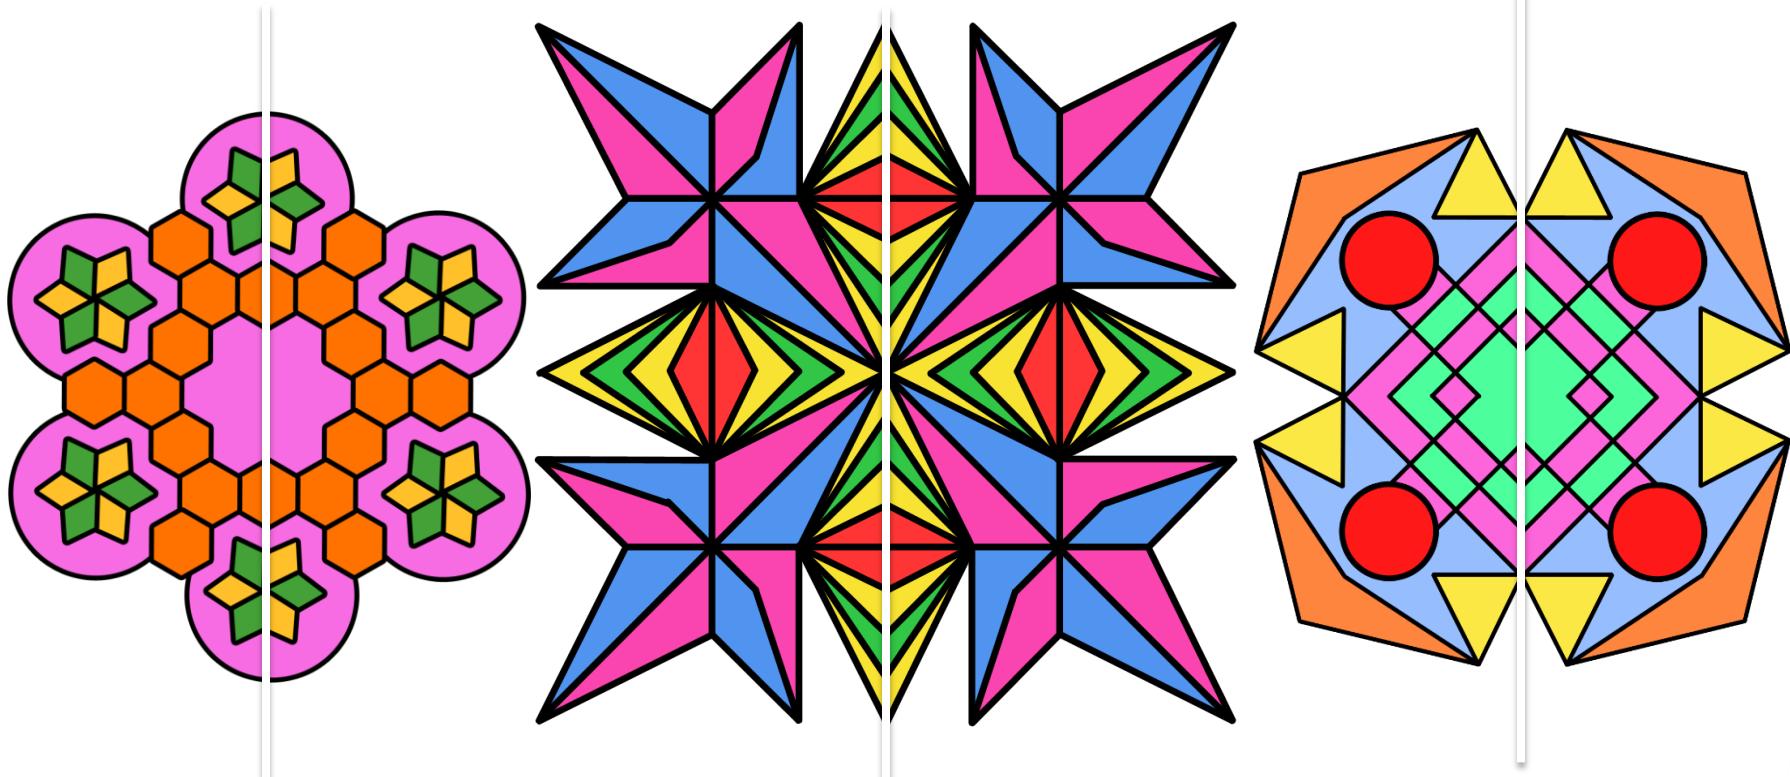

In our homes.

Rangoli Patterns

NEXT

Rangoli Patterns are special because they are **symmetrical** patterns.

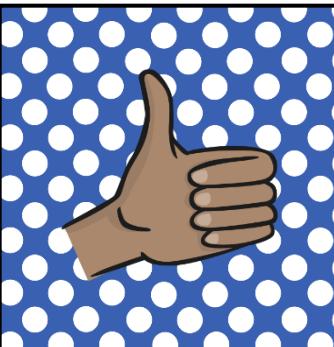

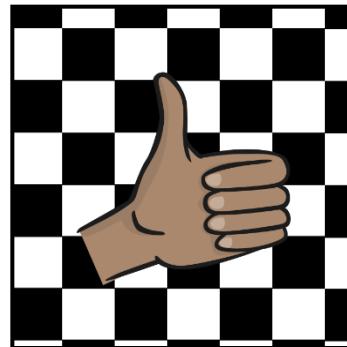

If we draw a line down the middle of the pattern
it looks the same on both sides.

Which are patterns?

NEXT

Click the squares with patterns inside.
