Jellyfish

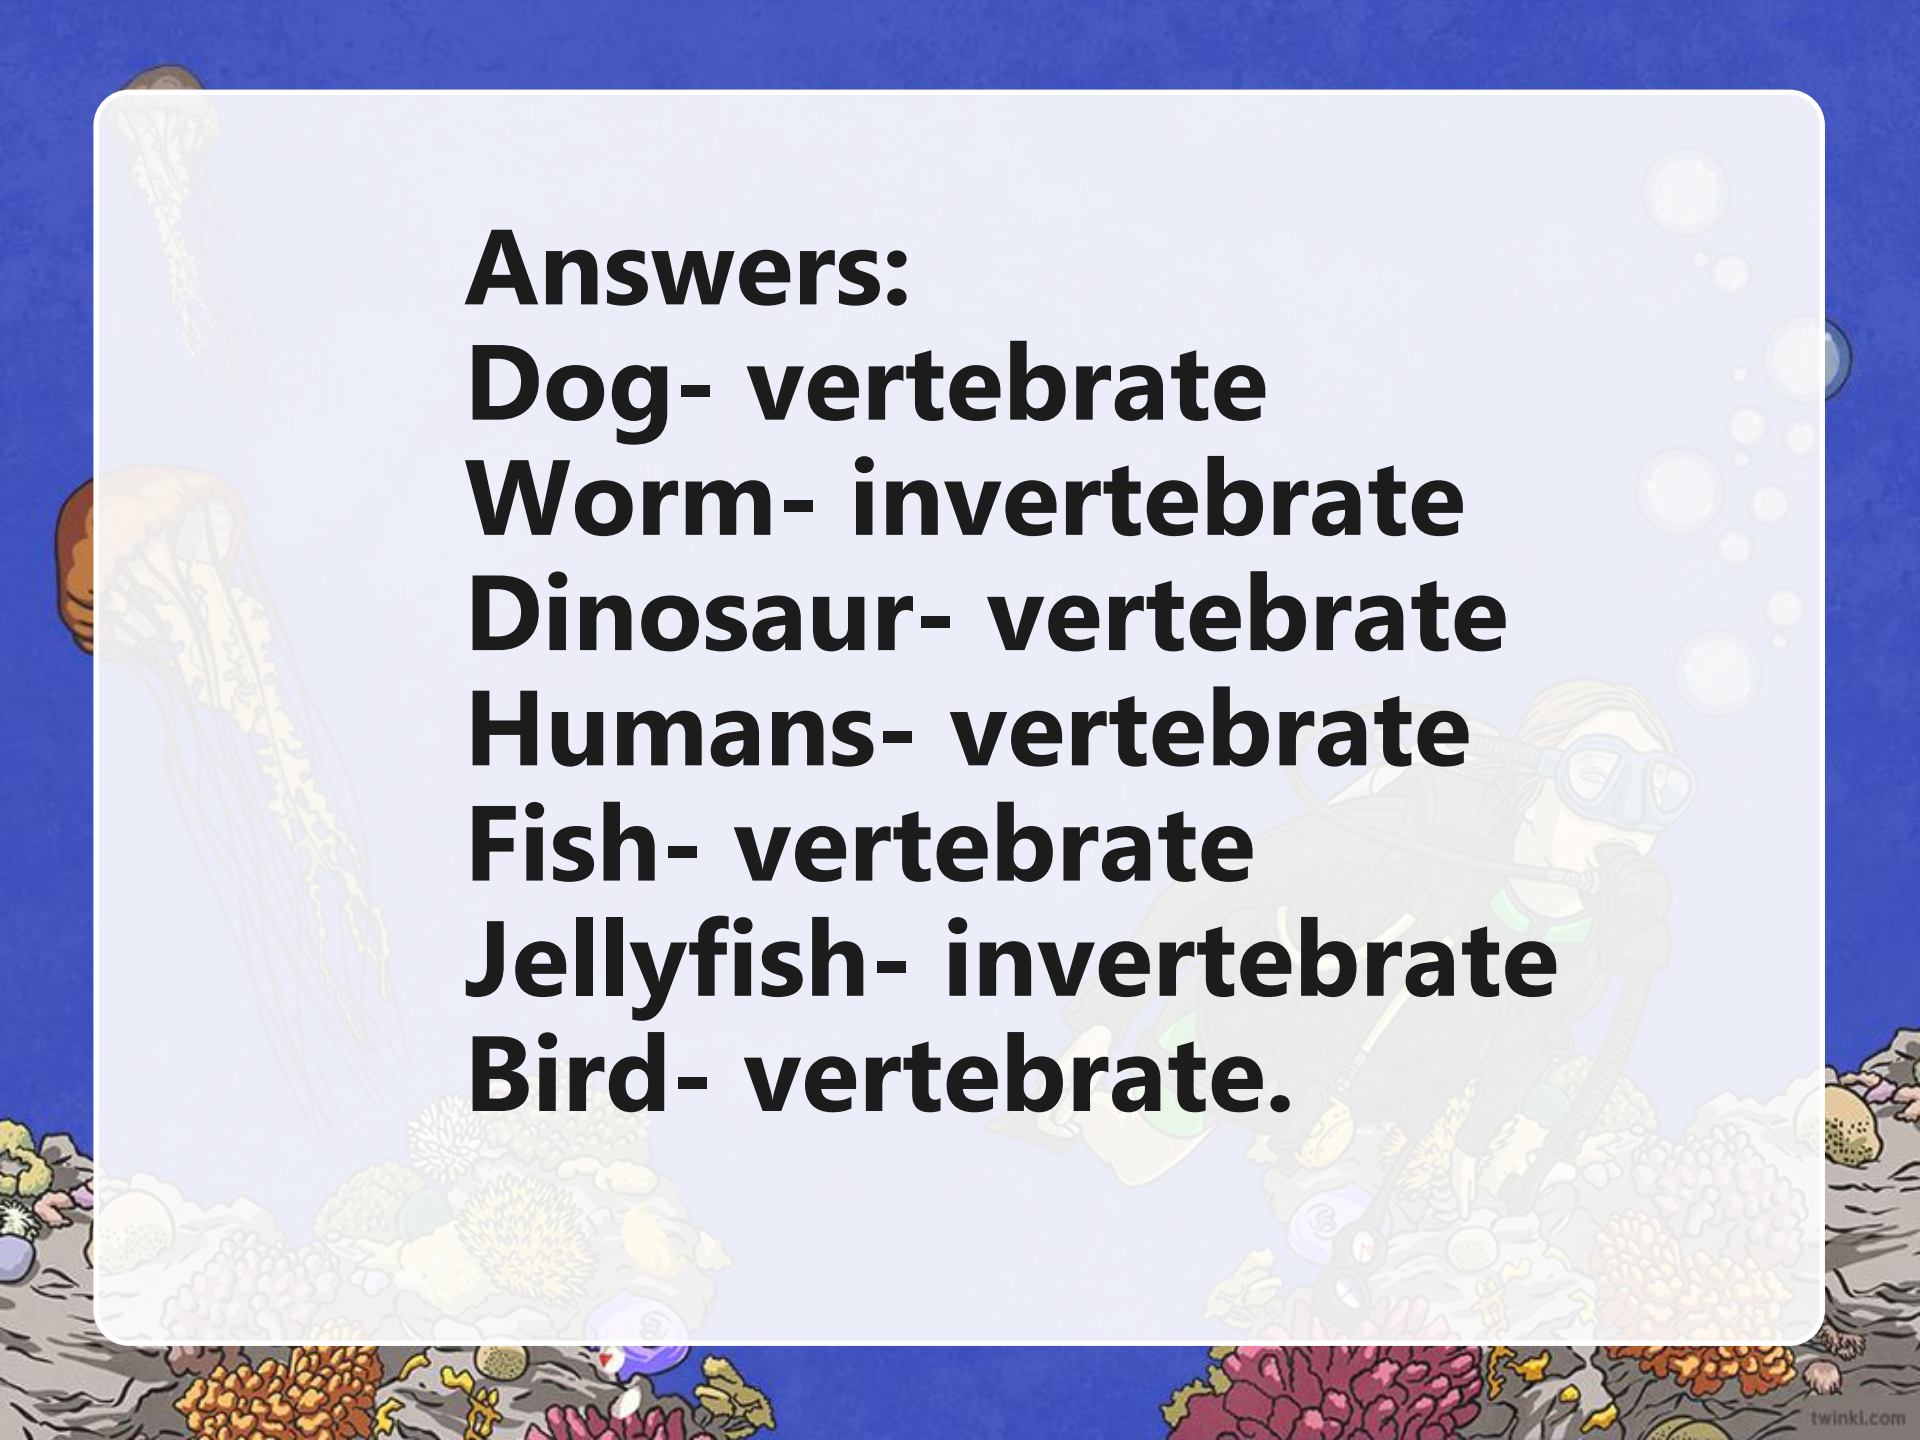

Reveal Answer

Vertebrate or Invertebrate?

Bird

Reveal Answer

The background is a vibrant underwater scene. On the left, a large, translucent jellyfish with long, flowing tentacles is visible. Below it, there are various types of coral in shades of orange, yellow, and pink. On the right, a scuba diver wearing a blue mask and a green life vest is partially visible, swimming towards the left. Bubbles are rising from the diver. The overall background is a deep blue color.

Answers:

Dog- vertebrate

Worm- invertebrate

Dinosaur- vertebrate

Humans- vertebrate

Fish- vertebrate

Jellyfish- invertebrate

Bird- vertebrate.
